Client Feedback	Mission and Vision
<p><i>"I want to thank the staff of Barberry Ridge Home Health for the help they provided my father. He had Alzheimer's disease and wanted to stay home for as long as possible. We are happy with the care and attention he got during his last month because it helped with the stress and worry my family was feeling that something would happen to him."</i></p> <p>- Rachael Sims (via google.com)</p> <p><i>"I'm giving five because they told us about VA benefits so we are working on that. The nurse came the same day we called to do an assessment on my dad who needs help. We are happy with the girls they send and they keep him and his place cleaned up. They also call to talk about what happened in the week and let me know if anything is wrong."</i></p> <p>- Sherri G. (via care.com)</p>	<p>Central to the Barberry Ridge Home Health mission is to provide quality care and services to clients in their place of residence helping them realize the highest level of independence and quality of life possible for as long as possible. We aspire to improve quality of life for not only clients but for the communities in which we operate and for the compassionate caregivers we are proud to have as employees.</p> <p><b>Barberry Ridge Home Health is a Pennsylvania Department of Health licensed home care agency (#35313601). In addition, the agency's home health agency (skilled nursing) application is under review with a target August 2018 approval.</b></p>

## Client Admission/Management Process\*

\* Physician and support network updates provided with client release and agreement. Process is representative of typical private pay care delivery.
